LAURA LORIGA

Front-end Developer

SUMMARY

I have always had a passion for IT since i was teenager and I started learning the HTML language at the high school. I just got my front-end developer certificate with SheCodes.io so my journey will start from here and I would like to be able to start with an internship to gain experience and demonstrate my skills. In the meantime I'm studying the Back-end part..

SKILLS

HARD SKILLS:
- HTML
- CSS
- JAVASCRIPT
- REACT
